

# Metal Product Development and Manufacturing

Premium Components...Without The Premium Price

Automotive  
Defense  
Rail Industry  
Oil Industry

ISO 9001:2000

Manufacturing  
Aerospace  
Medical

## Metal Product Manufacturing Capabilities

AEG offers a wide variety of Metal Products Manufacturing Capabilities to facilitate new product/part development

### Metal Product

Honeycomb cores  
Wire, Tubes and Rods  
Cold Rolled Steel Sheets  
Metal Strips and Stampings  
Wire Mesh  
Springs  
Wheel and Rims  
Metal Gear

### Materials

(Ferrous and Ferrous Metals)  
Stainless Steel  
Copper  
Brass  
Aluminium  
Gray, Ductile and Cast Iron  
Cast Steel  
Magnesium

### Metal Products Manufacturing

Metal Forming & Molding  
Metal Injection Molding (Steel & Alloys)  
Metal Extrusion – Pipe, Wire, Cable, Profile, Tubing and Sheet, Sand Casting  
Metal Forging and Stamping  
CNC Milling  
CNC Wire EDM,  
Investment Casting

- Automotive
- Defense
- Rail/Transportation Industry
- Oil Industry
- Construction and Industrial Machinery
- Aerospace
- Medical Devices

AEG offers contract manufacturing services to OEM and their suppliers in key markets such as electronics, defense, medical, micro miniature products and the machine industry.

AEG can help you in prototype development and evaluation, low volume pilot runs for initial feasibility or high volume production.
